

Fletcher Technical Community College

Addendum No. 1 Solicitation No. 20005 Invitation to Bid Lathes and Milling Machines

This **Addendum No. 1**, issued on June 5, 2020, forms part of and modifies the **Invitation to Bid for Lathes and Milling Machines** at Fletcher Technical Community College dated May 13, 2020. Changes made by this addendum shall take precedence over documents of earlier date. Acknowledgment of the receipt of this and all Addenda is required on the Bid Form for Solicitation No. 20005. Failure to do so will result in the rejection of the bid without further consideration.

The following revisions shall be incorporated in and take precedence over any conflicting part of documents of earlier date:

Page 1 and 2: Bid Due Date and Time: Tuesday, June 16, 2020 10:00 AM

Note: The bid due date and time has been extended one week to allow additional time for bid submissions due to a change in the scope of services.

Page 9: Scope of Services – Authorized factory technician installation of lathe and milling machines

Note: This change is being made to note that installation is required to be performed by an authorized factory technician installation.

Page 10: Bid Form for Solicitation No. 20005 - Item #3 – Authorized Factory Technician Installation of Lathe and Milling Machines

Note: This form was revised to accommodate the change from installation to Authorized Factory Technician Installation being required. See page 2 of this addendum for the revised Bid Form for Solicitation No. 20005. Please use this revised form to submit your bid.

Contractor Questions and Responses

1. (Q) What type of installation is this? College will be responsible for offloading machines from truck, putting them in place within the location in the building, remove skids, place on leveling pads, and bringing electricity to them?
(A) The College will unload and uncrate the lathes and milling machines, put them in place within the location of the building, and remove skids.
2. (Q) Will the Bidder be responsible for sending a technician to the college to level the machines, and set them up?
(A) Yes, the requested installation must be completed by an authorized factory technician to level and bring electricity to the machines.

3. (Q) Will all of the machines be shipped at once, or are you planning on shipping at different times?
(A) The machines will be all shipped at once.
4. (Q) Does the College want training on the machines?
(A) No, training is not necessary.

This addendum is hereby officially made part of the referenced solicitation.
